Approved	2	Lunch Price - Elementary	\$1.65
Approved with Merit	0	Lunch Price - Secondary	\$1.95
Approved with Warning	0	Pupil Transportation Program:	
Not Approved	0	Average Daily Ridership 1999-00	151
High School Graduates:		District Owned Operation	
High School Diplomas-Regular	23	* Certificates of Completion issued at a district level	
Other Completions*	0	** Limited English Speaking (LEP)	

### Superintendent's Highlights

This year we continued our focus on reading and writing improvement at all grade levels. The elementary staff completed a new K-6 writing continuum that has been effectively integrated into each classroom.

Our curriculum revision focus for the year has been on the language arts. The District has provided additional funding that will allow elementary and secondary teachers to map the K-12 language arts and reading curriculum this summer and insure alignment with state standards. New materials are being analyzed and will be selected for fall.

Over 90% of district staff have completed the Technology Competency Assessment. Integration of technology into the instructional process continues to be an emphasis of staff development.

Three secondary and one elementary teacher became certified by the National Board for Professional Teaching Standards this year.

### Progress Towards Meeting District Goals

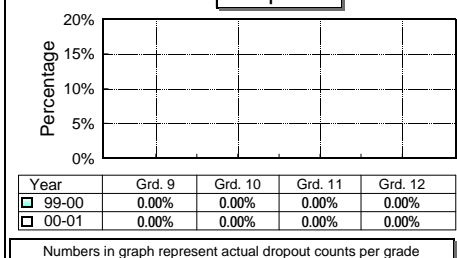

2000-01 Goals	Progress
Increase student achievement in reading, math and language arts.	District ITBS scores have continued to improve over the past six years. Since 1995, reading scores have increased 27%, language arts scores have increased 35% and math scores have increased 20%.
Continue to integrate technology into the instructional process.	90% of district certified staff has successfully passed the Idaho Technology Competency assessment. A comprehensive technology evaluation showed that the district had successfully met the majority of the goals identified in the technology plan.
Restructure professional-technical programs and develop connections with industry.	New board-appointed advisory committees were set up for each professional-technical program. The Agriculture Technology department entered into a grant-funded partnership with D8 Industries in Potlatch to train students in machine technology.
Align local curriculum with state achievement standards.	Language Arts has been the focus of a collaborative committee working to align Genesee's curriculum with state achievement standards.

### Student Profiles

#### Ethnicity

Race	Male	Female	Total
